

# The Great Sunflower Project

## Imagine...

Doing science right in your own backyard

Take part in "The Great **Sunflower** Project"

Great family activity

Prior knowledge of bees not necessary

It's easy

It won't take any more than 30 minutes

Do it in pots, or a private or public garden

All you need is a sunflower

Free materials (including information and seeds)

Participate alone or with others

Share observations online or by mail

.....
